

A special message from
Citrus County Education Association

Schools may be closed, but learning continues!

There is no question that Citrus County's public school teachers and staff are working harder than ever to support students and families during these difficult and unprecedented times.

With tremendous pride in our colleagues and a multitude of thanks for all they do, we celebrate

Teacher & Staff Appreciation Week (May 4-8, 2020)

Show your appreciation for educators by becoming a public education advocate.
